

**RESPOND
TO A TOPIC:**

National Music in Our Schools Month (March)

Read about March as National Music in Our Schools Month, and then respond to the questions. Write your response on the lines.

March is National Music in Our Schools Month. Established in 1985, this celebration was designated to focus on and raise awareness about the importance of music education for students. Music is said to have many benefits, including improving memory, reducing stress, and boosting energy levels.

What do you appreciate about music? What types of music are your favorite and least favorite, and why? How has music played a role in your life at school and outside of school? Explain.
