

Add-Round-Add

Add the numbers. Round each sum to the nearest 10.
Then add the two rounded numbers together.

Rounding to the nearest ten

If the number ends in 5 or greater,
round **up** to the nearest
ten. $125 \rightarrow 130$

If the number ends in 4 or less,
round **down** to the nearest
tens place. $124 \rightarrow 120$
