

Rx REBUS

1. We are amazing proteins that can protect your body from bacteria, viruses, and other things that are harmful to your health. What are we? Solve the rebus to find out.

2. We are teeny, tiny creatures, such as bacteria. You can't see us with the naked eye. What are we?

3. I can cause you to get sick. Luckily for you, your immune system can sometimes stop me. What am I?
