

I SAW IT FIRST!

Tip: Avoid the 'rocks' card!

I Saw It First! A game for two players

Split the deck evenly. Each player takes a stack of cards, facedown. Players take turns putting down cards faceup, moving as fast as they can! The objective is to collect as many gold cards as possible. If a player puts down a gold card, the first player to put a hand over it and shout, "I saw it first!" takes it.

At the end of the game, the players add up the amount of their gold. The player with the highest dollar amount wins!
