Similarities and Differences in Communities

People all over the world live in a variety of different places they call home.

Part 1: Together with your parent or caregiver, write a story about two different people that live in very different places. Include details about where each character in your story lives and describe the community they live in.

Draw a picture of the first character you choose. Write about where they live and what it's like below.

Draw a picture of the second character you choose. Write about where they live and what it's like below.

Similarities and Differences in Communities

Part 2: Interview someone (with a caring adult) who may work in a city and someone who may work in a farm or small town community (this could be a store clerk, a police officer, a teacher, etc.).

Use the following questions to help guide your conversation. Record your answers below.

1. How has your community made you who you are today?

2. Why did you choose to work in your community?

3. How do people connect with one another in your community? (Festivals, celebrations?)

4. What are your favorite parts of living in your community?
