## Small Moments vs. Big Topics

Big topics are large ideas that you can write about. These are things like frogs, dances, or birthdays. Small moments are specific things that happened in your life. These are things like your fifth birthday party, the time you went to the county fair, or breaking your arm during recess.

**Directions:** In the chart below, draw and write about big topics and small moments you could write about.

<b>BIG TOPICS</b>	<b>SMALL MOMENTS</b>
