

# What's the Matter?

Use your knowledge of the states of matter to determine which of the following things is a solid or a liquid. Fill in the blank spaces of the labels categorize each item by writing them on the correct lines below.

o i \_  
 \_ e \_ \_ y  
 \_ e a \_  
 h o \_ \_ e \_  
 m a \_ \_ e s \_ \_ u \_  
 j e \_ \_ o  
 c o \_ \_ e e  
 g o \_  
 \_ a i \_  
 w o o \_

**Solids** \_\_\_\_\_

**Liquids** \_\_\_\_\_

The third state of matter is gas. Rewrite the circled letters above their corresponding picture to find out which gas is used to fill balloons in order to make them float.
