

Study Plan: Template and Calendar

Just as a map can help you find the best route to your destination, a study plan can help you prioritize your work, stay disciplined and focused, and maximize your time and resources. Not only can a study plan help ensure that you learn the class material, it can also lead to improved study habits—and results!

Use the template below to prepare for an upcoming test.

Study Plan: Template and Calendar

After completing page 1, use the calendar template below to plan how you will study for your test, up to three weeks in advance. Write each day's date in the top box, and then add the steps you will take each day or week leading up to your test.

Study Calendar:

You can hold yourself accountable by checking the box on each date that you complete your scheduled preparations!
