

THANKSGIVING Puzzle Challenge!

How to Play: Each player gets a game board. The game pieces are shuffled and placed faced down in one pile between the two players. Players take turns picking up one card from the pile. If the card matches an area on the board, the player puts the card over it. If the card doesn't match, it gets put back at the bottom of the pile. The first player to complete his puzzle wins! After playing, the game boards can also be colored in.
