The Stories of Summer 😺

Directions: Read the prompt and use the lines below to write your short story. Be sure to include characters, setting, dialogue, and important events in order. Remember, a story includes a beginning, middle, and end!

Evening in the summer is a time when special memories are made for family and friends. Fireflies, popsicles, and games are just a few examples of what fills a summer evening. Write a story about a kid who got to stay outside just a little longer than usual one evening in the summer. What was it like? What happened?
