

The Wind in the Willows

by Kenneth Grahame

Kenneth Grahame wrote The Wind in the Willows in 1908. The book tells the adventures of the almost-human Mole and Rat. In these paragraphs, Mole has gone to the Wild Wood because he wants to meet Badger, who lives there.

Chapter 3: The Wild Wood

He thought it was only falling leaves at first, so slight and delicate was the sound of it. Then as it grew it took a regular rhythm, and he knew it for nothing else but the pat-pat-pat of little feet still a very long way off. Was it in front or behind? It seemed to be first one, and then the other, then both. It grew and it multiplied, till from every quarter as he listened anxiously, leaning this way and that, it seemed to be closing in on him. As he stood still to hearken, a rabbit came running hard towards him through the trees. He waited, expecting it to slacken pace, or to swerve from him into a different course. Instead, the animal almost brushed him as it dashed past, his face set and hard, his eyes staring. "Get out of this, you fool, get out!" the Mole heard him mutter as he swung round a stump and disappeared down a friendly burrow.

The pattering increased till it sounded like sudden hail on the dry leaf-carpet spread around him. The whole wood seemed running

now, running hard, hunting, chasing, closing in round something or—somebody? In panic, he began to run too, aimlessly, he knew not whither. He ran up against things, he fell over things and into things, he darted under things and dodged round things. At last he took refuge in the deep dark hollow of an old beech tree, which offered shelter, concealment—perhaps even safety, but who could tell? Anyhow, he was too tired to run any further, and could only snuggle down into the dry leaves which had drifted into the hollow and hope he was safe for a time. And as he lay there panting and trembling, and listened to the whistlings and the patterings outside, he knew it at last, in all its fullness, that dread thing which other little dwellers in field and hedgerow had encountered here, and known as their darkest moment—that thing which the Rat had vainly tried to shield him from—the Terror of the Wild Wood!
