

The Three Branches of Government

There are three **branches**, or parts, of the United States government. Each branch has different powers. The branches work together to govern the nation.

Directions: Sort the roles into the correct branch of government.

 <p>Legislative (makes laws)</p>	 <p>Executive (carries out laws)</p>	 <p>Judicial (evaluates laws)</p>

ROLES:

senators	Supreme Court justices
Congress	representatives
the president	cabinet members
the vice president	district court judges
