

Up, Up, and Away, Again!

Millie and Willie are pilots. They decided to take a flying tour around the western United States. Use the clues below to figure out which states they visited.

- ✈ They started in the state of Washington.
- ✈ Next, they flew south, to the largest state on the West Coast.
- ✈ Then they flew north and east, to a state that shares borders with Washington and Montana.
- ✈ Next they flew west, to the only state on the coast they had not already visited.
- ✈ Finally they flew south and east, to a state whose name begins and ends with the same letter.
