

# VOCABULARY CARDS

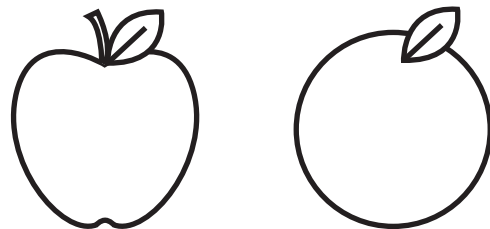

EL SUPPORT LESSON PLAN: COMPARE & CONTRAST ADDITION STRATEGIES

**compare**

Consider how things  
are the same.

**contrast**

Consider how things  
are different.

**standard  
algorithm**

$$\begin{array}{r} 7594 \\ + 4128 \\ \hline 11722 \end{array}$$

A common way to solve  
math problems, such as  
regrouping when adding  
or subtracting.

**expanded  
notation**

$$453 = 4 \times 100 + 5 \times 10 + 3 \times 1$$

Writing a number to show  
the value of each digit.
