

WE ARE ALL CONNECTED: INTERDEPENDENCE

“If you are a poet, you will see clearly that there is a cloud floating in this piece of paper. Without a cloud there will be no water; without water, the trees cannot grow; and without trees, you cannot make paper. So the cloud is in here. The existence of this page is dependent on the existence of a cloud. Paper and cloud are so close.” - Thich Nhat Hanh

The *interdependence* of a candle flame.

The flame is not separate from the wax, oxygen, and heat.

Instructions: Record your thinking below:

What does interdependence mean?

Draw a picture that represents interdependence:

How does interdependence show up in your life?
