

# Weather Effects

Name: \_\_\_\_\_

**Instructions: Research one type of weather event. Determine causes and effects that are related to your weather event. For each cause, write matching effects. Draw more arrows to show additional effects. Write about these effects.**

## Example

**My weather event:** \_\_\_\_\_

Cause	Effect	Additional Effects
_____	→ _____	
_____	→ _____	
_____	→ _____	
_____	→ _____	

Choose one group of causes and effects and explain the relationship between the causes and effects.
