

Week 13:

Outer Space

Galaxy mobiles, bedroom planetariums, and homemade jetpacks make up this week's ideas for outer space exploration. Your young cosmonaut will work on reading comprehension skills, story sequencing, and creative writing while he's having fun diving into the far reaches of our universe. To infinity, and beyond!

This Week We're Doing...

- Make a Galaxy Mobile
- Rocket Launch Cut-Out
- Color Bookmarks from Space!
- Order of the Planets
- Make a Bedroom Planetarium
- Outer Space Word Search
- Rocket Ship Resist Painting
- Solar System Word Search
- Outer Space Art
- Creative Writing Prompt: Outer Space
- Make a Homemade Rocket Ship
- Blast Off! Story Sequencing

This Week We'll Need...

- Cardboard, 1 sheet 11"x17"
- Black construction paper
- Tempera paint
- Paintbrushes
- Glitter
- Paper tape
- Glue stick
- String
- Pencil
- Scissors
- Round cardboard oatmeal container with plastic lid, clean and dry.
- Plain flashlight
