Welcome All: Pen Pal Letters

Getting to know others who may live in a different place or who speak a different language can help to build acceptance and tolerance for all!

Directions for parent or caregiver:

1. Log on to: <https://www.theteacherscorner.net/penpals/>
2. With your child, choose a school in another country to send a drawing or letter.
3. Support your child in writing a letter (or drawing a picture if your child is pre-literate) to a pen pal. Your child can share foods they like to eat, tell about their family, and describe what their town looks like! Be sure to have your child ask questions about their pen pal's life and town, too.
4. Help your child send their letter and wait for a response!
