

10 Things to Do with a Piece of Paper

★ Hanging Wind Chime ★

Print out the next page and cut on the dotted lines. Fold on the solid lines. You will also need tape, string and a bell. Follow the instructions below.

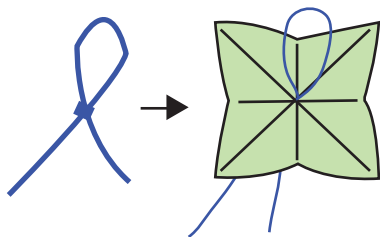

Step 1: Cut out the paper square on the dotted lines. Fold in half on the solid lines.

Step 2: Press up on the center point. You will be pushing in on the folds.

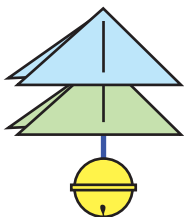

Step 3: Repeat steps 1 through 3 with the other 3 pieces of paper. On the tips of the triangles, clip off the small point to make a hole.

Step 4: Fold the string in half. Make a double knot about 3 inches down from the fold. Pull the string through the hole. If the knot doesn't hold, try using a bead.

Step 5: Tape the string at the bottom of the triangle to keep it in place. Repeat with the other 3 triangles.

Step 6: Tie on the bell. Your wind chime is complete!
