

# Word Problems in the School Day: Addition & Subtraction

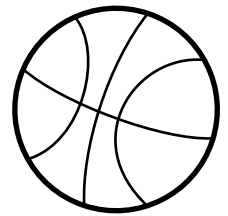

Name: \_\_\_\_\_ Date: \_\_\_\_\_

*Solve. Be sure to show your work.*

**1.** Mrs. Banker's 3rd grade class had 24 students. Mr. Kennedy's 3rd grade class had 23 students. How many students were there all together?

**2.** At the beginning of the year, I brought in 32 markers. My teacher already had 12 markers at the desk. How many markers in all were at my desk?

**3.** The gym had 30 basketballs. Five basketball were lost. How many basketballs were left?

**4.** My teacher had 56 pairs of scissors. She gave a pair to each student in our class. My class has 21 students. How many pairs of scissors does my teacher have left?

**5.** At recess, 14 people played kickball. They needed eight more players. How many players in all did they need to play the kickball game?
