

Words That End With “gh”

“Gh” is a digraph, which means that it is a two-letter combination that makes one phoneme sound. Neither letter can act alone to represent the sound.

ugh	high	nigh	sigh	bough
cough	dough	laugh	neigh	rough
sleigh	thigh	tough	weigh	through
though	enough	slough	trough	borough

Sometimes the “gh” digraph is silent, and sometimes it makes the “fff” sound. How many words above make the “fff” sound? Write them below.
