

# Write a letter Home

Lined writing area for the letter.

Pretend you're a miner at the gold fields. Using everything you've learned so far in this book, write a letter home describing your new life in California.

- What has surprised you about gold mining?
- How do you feel about the people you have met, the food you have eaten, and the money you have made so far?
- What do you like about your new location?
- What do you miss about home?
