

Write an Informative Narrative

An **informative narrative** tells how to do a certain task or project. Follow the instructions below to write your own informative narrative.

Choose a subject, then use this structure to write your narrative:

Introduction: A statement or question that introduces the main idea.

Materials: List everything you'll need to complete the project.

Order of Steps: Write all of the necessary steps in order. Use sequencing words, such as *first* and *then*, to make your instructions clear.

Conclusion: A closing sentence that sums up or concludes your instructions.

Example:

Do you know how to properly feed a goldfish? You'll need the right food and a careful eye. First, select a food especially for goldfish. You can find one at your neighborhood pet store. Next, drop a pinch of food into the water and watch for two minutes. The amount of food your fish eats within that time is the amount you should use for each feeding. Finally, don't feed your fish simply because it seems hungry. If given the chance, your goldfish will overeat! Follow these steps and you'll have a happy, healthy goldfish.
