

Z is for Zany

Zany means silly and fun, and a lot of holidays are zany! Fastnacht Day is a day for eating fastnacht, which means “doughnut” in German. It’s celebrated in Switzerland and parts of the United States. Marmot Day, a holiday in the state of Alaska, is a celebration of marmots. A marmot is like a big squirrel.

Make up the zaniest holiday you can! Use the pictures below to invent your holiday. Then, tell the story of your holiday. What is it about? How do you celebrate? What’s the name of your holiday?

My holiday is called : _____
