

Zooming in on Arrays

Part 1:

Use a strategy of your choice to figure out how many items there are altogether. Next, think of a repeated addition problem to represent the total amount! Record your answers on the answer sheet.

1)

This array has _____ rows with

_____ objects in each row.

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

2)

This array has _____ rows with

_____ objects in each row.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

3)

This array has _____ rows with

_____ objects in each row.

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

Name: _____

Date: _____

Part 2:

Directions: Write a story problem that connects with each of the arrays. Put on your mathematician hat and be creative!

1)

2)

3)
